Welcome to PADI's Dive Chek® Online.

PADI Members may better serve customers who have left their PADI certification card at home or have misplaced it, by verifying their certification using Dive Chek® Online.

Currently Dive Chek® Online will only search for PADI Divers whose certifications were processed by PADI Americas, PADI Asia Pacific, PADI Canada, PADI EMEA, PADI Japan and PADI China.

We are working with other PADI Offices to translate their student data and integrate it into this new database. We'll post a notice here as this data becomes available.

Please enter the information exactly as it would have appeared on the PADI Diver's card:
